

**Mini-Course 2 of the
Thematic Programme on
“The Dynamics of Planetary-scale Fluid Flows”**

May 15 - 19, 2023

organized by

**Adrian Constantin (U of Vienna), David Dritschel (U of St. Andrews),
Nathan Paldor (HU of Jerusalem)**

- **Monday, May 15th, 2023**

14:00 – 16:00 **David Dritschel (U of St. Andrews)**

Balance, jets and coherent structures in geophysical fluid dynamics, Mini-Course Lecture I

- **Tuesday, May 16th, 2023**

14:00 – 16:00 **David Dritschel (U of St. Andrews)**

Balance, jets and coherent structures in geophysical fluid dynamics, Mini-Course Lecture II

- **Wednesday, May 17th, 2023**

13:00 – 15:00 **David Dritschel (U of St. Andrews)**

Balance, jets and coherent structures in geophysical fluid dynamics, Mini-Course Lecture III

- **Friday, May 19th, 2023**

14:00 – 16:00 **David Dritschel (U of St. Andrews)**

Balance, jets and coherent structures in geophysical fluid dynamics, Mini-Course Lecture IV

All talks take place at ESI Boltzmann Lecture Hall!
